

## ***Resolution on Pharmacare***

Whereas: Prescription drugs are an essential ingredient for good health; and:

Whereas: The cost of prescription drugs are the major reason that health care costs are rising; and:

Whereas: A public drug insurance plan should form a major part of Canada's public health care policy; and:

Whereas: Studies have shown major cost savings are attainable with a public drug plan; and;

Therefore be it resolved:

That the federal government implement a publicly funded Pharmacare plan.
