

Resolution on the Human Right to Water

Whereas: The right to water is not enshrined in the United Nations Universal Declaration of Human Rights of 1947, and

Whereas: In 2002 & 2003, Canada was the only country to vote against a resolution on the human right to water, stating, Canada does not accept that there is a right to drinking water and sanitation,

Therefore be it resolved: That CAW Local 200 Retired Workers Chapter demand that the government of Canada sign and adopt the resolution on the Human Right to Water as passed at the United Nations conference.

Respectfully Submitted by, CAW Local 200 Retired Workers Chapter
