

Tax Havens

Whereas; Tax havens are depriving governments and law abiding citizens of billions of tax dollars from our treasury, and

Whereas; The worlds wealthiest have now deposited \$11,500 billion offshore in over eighty (80) tax havens worldwide, allowing them to avoid over \$250 billion in taxes, and

Whereas; Rich Canadians, corporations and banks in Canada, with their affiliates, are also avoiding their tax obligations of billions per year, putting the burden on ordinary Canadian taxpayers

Therefore be it resolved; That the Harper government, who are fully aware of this issue, introduce legislation that would assure tax justice and end tax haven abuse.
